On-site CPR Training

Know CPR is the preferred choice for hundreds of physicians, dentists, banks, law firms, daycare centers, churches, restaurants, associations, special interest clubs, and groups. Since 2002 Know CPR has taught over 60,000 people.

Know CPR training is more convenient than other programs -- We come to you at no additional cost, when you want (mornings, afternoons, evenings, weekends --even before work!)

Know CPR training is more affordable than other programs -- Our prices are always the lowest in the area.

American Safety and Health Institute BLS Healthcare Provider Course

This nationally-recognized BLS Healthcare Provider course is designed to teach the skills of CPR for victims of all ages (including ventilation with a barrier device, a bag-mask device, and oxygen), use of an automated external defibrillator (AED), relief of foreign-body airway obstruction (FBAO) and two-rescuer CPR. It is intended for participants who provide healthcare to patients in a wide variety of settings, including in-hospital and out-of-hospital settings. This certification is valid for two (2) years.

And now we offer “Traditional” and “Challenge” classes. While all CPR classes include hands-on practice with manikins and AEDs, “Challenge” classes do not include a lecture or video, and last approximately 1 ½ hours. “Challenge” classes are intended for those who have previously completed a CPR course, and whose certification card is either about to expire or has recently expired.

Pricing: (minimum CPR class size is 2 students)

<u>Course</u>	CLASS SIZE			
	5+	4	3	2
CPR for Healthcare Providers	\$65 pp	\$75 pp	\$85 pp	\$95 pp

****Sure of your skills? Don't need a lecture or Video? Ask about our 1.5 hr “Challenge.”**
